Architecture  
and Noel Lane  
Architects in  
association**

For:

**Domaine  
Thomson**

Year Awarded:

**2021**

Category:

**Commercial Architecture**

Citation:

An investigation into the details, construction and aesthetics of a traditional steel shed has resulted in this fresh and delightful design interpretation. Two zinc-clad sheds – one a tasting room, the other an administrative space – are linked by a transparent corridor. The clarity of this design expresses the vineyard's commitment to a single grape variety, and proudly announces its presence amid the atmosphere and dramatic landscape of Central Otago.
